

Reduce your disposal costs –
and reduce your environmental impact.

REEL RETURN

**Full Truckloads of Service
Wire Labelled Reels ONLY.**

Service Wire is now offering Reel Return – a FREE service to help our customers manage the disposal cost of wood reels, with the added benefit of conserving one of our planet's most important natural resources. The reels you return **must meet the guidelines below**—scuffs, scratches, dents and weathered surfaces are acceptable.

GUIDELINES

To be usable, reels must meet the following standards:

✓ **FULL TRUCKLOADS ONLY**

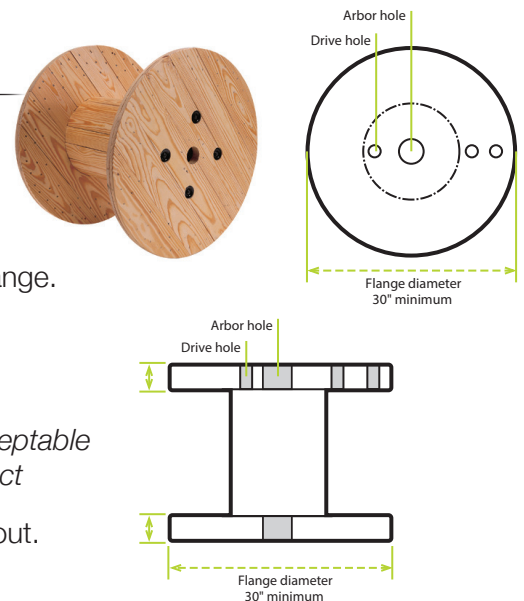

✓ **SERVICE WIRE LABELED REELS ONLY.**

Reels must be made of solid wood (NO plywood) with 30-72" flange.

✓ Lumber must be sound:

- without rot or excessive deterioration
- flanges cannot be visibly warped or have broken boards
- boards with broken edges through one ply only are still acceptable
- at least 75% of stave boards around the drum must be intact

✓ Arbor hole cannot be damaged and drive holes cannot be torn out.

PICKUP CHECKLIST

To schedule a pickup, just call your representative with the following information:

- ☐ Pickup Site Contact Information ☐ Size of Reels ☐ Number of Reels (of each size)

Schedule your pick-up today—and leave the Service to us.
